

Shantae Ferguson for Board of Directors- Alternate

Hi, I'm Shantae Ferguson, from Ivy Tech Community College where I have served as the Aspiring Educators President for 2 years. Since being in leadership, I have accomplished many things. Locally, I sit on the board of the Evansville Teachers Association as an aspiring educator, and was able to have my chapter participate in their professional development activities each month and also join them in community engagement activities. Statewide, for the Indiana State Teachers Association-Aspiring Educators, I serve as the Region 5 Representative. While in this position, I connect with aspiring educators from two other local college campuses, University of Evansville and University of Southern Indiana. As Region Rep, I organize events with these college campuses, to engage memberships and recruit aspiring educators. I have also served as a representative Assembly Delegate for the Indiana State Teachers Association. I was elected AE President for Indiana State Teachers Association for 2024-2025. I am also a member of the NEA Advisory Committee for Aspiring Educators. On top of all these accolades, I'm also a US Army Veteran.
